

2024 DOE-NE Advanced Reactor Technologies Gas-Cooled Reactor Program Review Meeting

July 16-18, 2024

July 16-17: Energy Innovation Laboratory (EIL)

July 18: Collaborative Computing Center (C3)

*All buildings are established General Access Area (GAA), no badging is required.

Agenda

Wednesday, July 17, 2024

Energy Innovation Laboratory (EIL), Conference rooms A111-A113

775 MK Simpson Blvd, Idaho Falls, ID 83401

(All times are MT)

Graphite Qualification and R&D

08:00	DOE ART Graphite R&D Introduction	Will Windes, INL
08:20	Graphite Oxidation Activities	Rebecca Smith, INL
08:50	Oxidation Resistant Graphite	Tim Bragg and Michael Barkdull, INL
09:20	Overview of Graphite Model Development.....	Veerappan Prithivirajan, INL
09:50	Break (20 minutes)	
10:10	ASME – Grappling with the Concept of Component Failure.....	Martin Metcalfe, Martin Metcalfe Consultancy
10:40	ASME Code Development (Design Rules).....	Andrea Mack, INL
11:10	Ceramic Composites	Wilna Geringer, ORNL
11:40	Break for lunch setup (20 minutes)	

Wednesday, July 17, 2024

Graphite Qualification and R&D NEUP Projects (60 minutes)

- | | | |
|-------|---|---|
| 12:00 | Introduction of NEUP speakers | Will Windes, INL |
| 12:05 | Multiscale Effects of Defects and Microstructure on Mechanical Properties of Nuclear Graphite..... | Gongyuan (Patrick) Liu, The Pennsylvania State University |
| 12:35 | Quantifying the Dynamic and Static Porosity/MicrostructureCharacteristics of Irradiated Graphite through Multi-techniqueExperiments and Mesoscale Modeling..... | Jacob Eapen, North Carolina State University |

Graphite Qualification and R&D

- | | | |
|-------|-----------------------------|--|
| 13:05 | AGC Update..... | Will Windes, INL |
| 13:35 | Molten Salt Intrusion | Nidia Gallego, ORNL |
| 14:05 | Split-disk Studies..... | Arvin Cunningham, INL and Lianshan Lin, ORNL |
| 14:35 | Wear Testing..... | Tomas Grejtak, ORNL |
| 15:05 | Concluding remarks | Will Windes, INL |
| 15:20 | Adjourn | |
