

Resilient, Reliable, and Ready

A Symposium on High Temperature Reactors

Idaho National Laboratory – May 10, 2018

Visitor Information for the Symposium

The symposium will be held at the INL Meeting Center located in the Energy Innovation Laboratory at 775 University Boulevard in Idaho Falls. The entrance to the meeting room section of the building is near the flag pole.

The Meeting Center will be in open status during the HTR Symposium, so you won't need to check in with INL Security or have an INL visitor badge to enter. We will have name badges for everyone to facilitate conversations.

Tour Information

If you'd like to take the tour of INL facilities offered on May 9, you will need a visitor badge and advance notice will be required, especially if you're not a U.S. citizen. Just select "Yes" on the registration page for the tour, and we'll send you more details on what will be needed.

Directions to INL Meeting Center

(South end of the Energy Innovation Laboratory,
